Tired of the \$45 parking ticket? Our meetings go from 12 noon to 1:15 p.m. Pay-by-Cell phone technology is available in Bethesda.

Pay-by-cell phone parking technology is available in approximately 5,200 parking meters in Bethesda. Motorists must create an account, and then they can pay by calling (301) 830-7074, or by using the MobileNOW! app to enter the location number, or scan the QR code on the parking meter, where available. The code identifies the space number and eliminates the risk of human error. Download the MobileNOW! app free from [iTunes](#), [Android Market](#), and soon, Blackberry App World, or app.mobile-now.com. Participating meters are labeled with cell phone parking instructions. Read and heed meter instructions to avoid fines.
